Heat Mapping Piko Plug-in

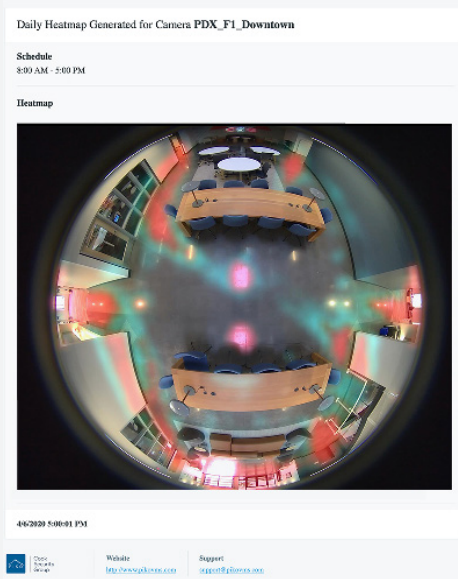

Produce easy-to-understand daily or weekly visualizations of movement within your branch for a configurable time window. Hours (days/weeks) of footage distilled and summarized into a single visual.

- **Add to existing Piko platform**
Part of the Piko analytics pack.
- **Ability to configure heat mapping on *any* camera.**
No longer need a specific camera.
- **Ability to send a daily or weekly report or both via email.**
Can be sent to one or many email address.
- **Ability to define granular schedule for each camera.**
ie. Generate heat map report from 8:00am-5:00pm each day. Analyzing only frames/motion from the given window.
- **Ability to change theme.**

Simple Interface

Scheduled Email Reports
